PROFILE

As an ambitious undergraduate in Information Technology, I possess a solid understanding of key IT concepts gained through coursework and hands-on projects. Eager to embark on a career in IT, I bring strong problem-solving abilities, proficiency in programming languages like Java and HTML, and a commitment to continuous learning. Excited to leverage my academic background and passion for technology to contribute effectively to dynamic teams and drive innovation in the industry. Eager to leverage theoretical knowledge gained through coursework into practical skills, while continuously learning and adapting in a professional environment."
